

ARMOR-IT

HIGH GLOSS PROTECTANT FOR TIRES, VINYL & MORE

DESCRIPTION:

ARMOR-IT is a high gloss protectant and sealant specially formulated to block out ultra violet rays that deteriorate surfaces, make colors fade, cause soft materials to harden and crack. **ARMOR-IT** also seals out moisture thus stopping deterioration from mildew and rotting. **ARMOR-IT** resists scratches and abrasions.

APPLICATIONS:

ARMOR-IT cleans and preserves a variety of surfaces including rubber, vinyl, plastic, enamel wood, paint, fiberglass, stainless steel and aluminum. To apply simply spray on clean dry surface and spread by hand and let **ARMOR-IT** sit for a short period of time so that surface is penetrated. Lightly buff off any excess with a clean dry cloth.
NOTE: Thoroughly clean heavily soiled surfaces before applying.

ADVANTAGES

- Superior Protection
- Blocks UV Rays
- Fast Penetrating Foam
- Extra Thick Formula
- Adheres To All Surfaces
- Waterproofs
- Resists Wash Off
- One Step Cleaning & Shine
- Spray On Wipe Off
- Restores Original High Gloss
- Contains Optical Brighteners

AREAS OF USE

- Tires
- Vinyl Tops
- Dashboards
- Airplanes
- Automobiles
- Camera Body's
- Boats
- Outdoor Furniture
- Computer Cases
- Laminated Surfaces
- Bicycles
- Lawn Equipment

PROPERTIES

- Form: Thick Foam
- Odor: Odorless
- Color: White
- Detergency: Good
- Wetting Ability: Excellent
- Toxicity: Very Low
- Phosphates: None
- Flash Point: >212°F
- Solubility In Water: Emulsifiable
- Specific Gravity: 1.0
- pH: ± 7.0
- Viscosity: Thick
